**Public Hearing for the Moving to Work Plan: November 13, 2020**

Due to a spike in the number of COVID-19 cases within the county and the restrictions imposed by Governor Murphy, the public hearing for the Moving to Work Plan had to be moved to a remote setting. TNHA posted a flyer at all of its locations as well as posting the notification of this change on the website.

The meeting was held via a conference call in an effort to utilize a more user-friendly platform. The meeting was attended by two residents: Catherine Rodriguez and Anjalee Neal. Also on the call was Executive Director, Bart Cook, DGB Consultants, and TNHA support staff.

A brief synopsis was given on the plan and the programs that TNHA intends to implement. The residents did not have any comments or questions about the plan. Ms. Rodriguez stated that she has been in contact with the Public Housing Coordinator and that most of her questions were already answered. Mr. Neal stated that he was more concerned about the relocation efforts for Neptune Court and how soon will he be required to relocate since he was concerned about starting a new employment opportunity before having to move.

The conference call was concluded at 3:30 pm; however, DGB Consulting remained on the line to ensure there were no late participants. The draft of the plan remains on the website for review and comments.

Residents who have questions concerning this endeavor are still being encouraged to submit their questions via email at [mtw@tnha.org](mailto:mtw@tnha.org).
