# CERTIFIED PUBLIC ACCOUNTANTS

# **REPORT OF INDEPENDENT AUDITORS**

To the Board of Commissioners of the Housing Authority of the Township of Neptune:

# **Opinion**

We have audited the accompanying financial statements of the Housing Authority of the Township of Neptune (the "Authority") as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the accompanying table of contents.

In our opinion, except for the possible effects of the matter described in the "Basis for Qualified Opinion" paragraph, the financial statements referred to above present fairly, in all material respects, the net position of the Authority, as of September 30, 2021, and the changes in its net position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Basis for Qualified Opinion**

We were unable to obtain sufficient audit evidence for the balances of the net pension liability, net Other Post Employment Benefits ("OPEB") liability, deferred outflows of resources, deferred inflows of resources, pension expense, and OPEB expense relating to the Authority's defined benefit Pension and OPEB plans because the Pension and OPEB plans for the year ended September 30, 2021 had not yet issued their audited actuarial reports. Accordingly, the Authority's net pension liability, net OPEB liability, deferred outflows of resources, and deferred inflows of resources are reported at their 2020 amounts. Pension expense and OPEB expense are recorded at their annual contribution amount. We were unable to obtain sufficient appropriate audit evidence for the balances of the net pension liability, net OPEB liability, deferred outflows of resources, deferred inflows of resources, pension expense, and OPEB expense relating to the defined benefit Pension and OPEB plans by other auditing procedures. Because the audited actuarial reports for the Pension and OPEB plans have not been issued, it is not practicable to quantify the financial effects of this matter.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

# **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

1433 Hooper Avenue, Suite 329, Toms River, New Jersey 08753 www.novoco.com I 732.503.4257 In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required pension and other post employment benefit information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and is not a required part of the basic financial statements. The accompanying financial data schedule is also not a required part of the financial statements and is presented for the purposes of additional analysis as required by the U.S. Department of Housing and Urban Development.

The schedule of expenditures of federal awards and financial data schedule are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and financial data schedule are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2022 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Novogndac & Company LLP June 29, 2022

June 29, 2022 Toms River, New Jersey

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Housing Authority of the Township of Neptune ("the Authority"), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended September 30, 2021. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements as presented elsewhere in this report.

# A. <u>Financial Highlights</u>

- 1. The assets and deferred outflows of resources of the Authority exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$978,976 as opposed to \$432,239 net position for the prior fiscal year.
- 2. As of the close of the current fiscal year, the Authority reported ending unrestricted net deficit of (\$4,436,420).
- 3. The Authority's cash and cash equivalents balance (including tenant security deposits) at September 30, 2021 totaled \$2,710,210 representing an increase of \$546,152 from the prior fiscal year.
- 4. The Authority had total operating revenues of \$7,108,374 and total operating expenses of \$7,155,327 for the year ended September 30, 2021.
- 5. The Authority's Expenditures of Federal Awards amounted to \$5,770,523 for the fiscal year.

# B. <u>Using the Annual Report</u>

1. Management's Discussion and Analysis

The Management's Discussion and Analysis is intended to serve as an introduction to the Authority's financial statements. The Authority's financial statements including the notes to financial statements included in this report were prepared in accordance with GAAP applicable to governmental entities in the United States of America for proprietary fund types.

2. Basic Financial Statements

The basic financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business. They consist of Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows.

# B. <u>Using the Annual Report (continued)</u>

# 2. <u>Basic Financial Statements (continued)</u>

The Statement of Net Position presents information on all the Authority's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two groups reported as net position. Increases or decreases in net position will serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of unrelated cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., depreciation and earned but unused vacation leave).

The Statement of Cash Flows presents relevant information about the Authority's cash receipts and cash payments during the year.

The Basic Financial Statements report on the Authority's activities. The activities are primarily supported by HUD subsidies and grants. The Authority's function is to provide decent, safe and sanitary housing to low income and special needs populations. The Basic Financial Statements can be found on Pages 10 through 14 in this report.

# 3. Notes to Financial Statements

The Notes to Financial Statements provide additional information that is essential to a full understanding of the data provided in the Basic Financial Statements. The Notes to Financial Statements can be found in this report after the Basic Financial Statements.

# 4. Supplemental Information

The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations and State of New Jersey Circular 15-08. The Schedule of Expenditures of Federal Awards can be found on page 35 of this report.

# C. <u>The Authority as a Whole</u>

The Authority's Net Position increased during the 2021 fiscal year as detailed on page 7. The Authority's revenues are primarily subsidies and grants received from HUD. The Authority receives subsidies each month based on a pre-approved amount by HUD. Grants are drawn down based on need against a pre-authorized funding level. The Authority's operating revenues were not sufficient to cover all expenses, excluding depreciation during the fiscal year.

By far, the largest portion of the Authority's net position reflects its investment in capital assets (e.g., land, buildings, equipment and construction in progress). The Authority uses these capital assets to provide housing services to its tenants. Consequently, these assets are not available for future spending. The unrestricted net position of the Authority is available for future use to provide program services.

Significant account changes from 2020 to 2021 are detailed as follows:

- Cash, cash equivalents and restricted cash increased \$546,152 primarily due to an increase in HUD funding during the year ended September 30, 2021.
- Capital assets, net decreased \$74,543 as depreciation expense of \$660,686 exceeded capital asset additions of \$586,143.
- Accounts payable decreased \$18,555 primarily due to less PILOT being due to the Township of Neptune for the year ended September 30, 2021.
- HUD capital grants increased \$141,291 primarily due to the Authority increasing its CFP Expenditures in fiscal year 2021.
- Operating Expenses decreased \$180,368 primarily due to the following reasons:
  - i. Housing assistance payment expenses increased \$131,302 due to an increase in units months leased during year ending 2021.
  - ii. Administrative expenses decreased \$377,671 due a decrease in employee benefits, as there were no changes to the pension and OPEB liabilities recorded in 2021.
  - iii. Utilities expense decreased from \$992,276 in 2020 to \$984,990 in 2021 or \$7,286. Water and electricity costs decreased from 2020 to 2021.
  - iv. Ordinary repairs and maintenance expenses decreased \$59,550 primarily due to decreases in materials and contract costs as well as employee benefits.

# C. The Authority as a Whole (continued)

Change in Net Position (Deficit)	546,737	904,329
Net Position, Beginning of Year	432,239	(472,090)
Net Position, End of Year	<u>\$    978,976</u>	<u>\$ 432,239</u>

# D. <u>Budgetary Highlights</u>

For the year ended September 30, 2021, individual program or grant budgets were prepared by the Authority and were approved by the Board of Commissioners. Also, the Authority adopted a comprehensive annual budget for the General Fund. The budgets were prepared in accordance with the accounting procedures prescribed by the applicable funding agency. As indicated by the change in net position, the Authority's net position decreased during the fiscal year. This decrease is indicative that the Authority is having difficulty operating within its budgetary limitations in total, for all its programs resulting from increased costs and a continuing reduction in HUD subsidies.

# E. <u>Capital Assets and Debt Administration</u>

# 1. Capital Assets

As of September 30, 2021, the Authority's capital assets were \$5,393,704 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, and construction in progress.

Purchases of capital assets totaled \$586,143.

Additional information on the Authority's capital assets can be found in the Notes to the Financial Statements, which is included in this report.

# 2. <u>Debt Administration</u>

The Authority has no outstanding long-term debt at this time.

# F. Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the Authority's budget for the fiscal year ending September 30, 2022.

- 1. The significant cut-back on HUD subsidies and grants.
- 2. The continued reduction in interest rates on funds invested.

# G. Contacting the Authority's Financial Management

The financial report is designed to provide a general overview of the Authority's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Bart J. Cook, Executive Director, Housing Authority of the Township of Neptune, 881 Alberta Avenue, Neptune, NJ 07753.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Organization

The Housing Authority of the Township of Neptune (the "Authority") is a governmental, public corporation created under federal and state housing laws as defined by State statute (N.J.S.A. 4A: 12A-1, et. Seq., the "Housing Authority Act") for the purpose of engaging in the development, acquisition and administrative activities of the low-income housing program and other programs with similar objectives for low and moderate income families residing in the Township of Neptune, New Jersey (the "Township"). The Authority is responsible for operating certain low-rent housing programs in the Township under programs administered by the U.S. Department of Housing and Urban Development ("HUD"). These programs provide housing for eligible families under the United States Housing Act of 1937, as amended.

The Authority is governed by a board of commissioners which is essentially autonomous but is responsible to HUD and the State of New Jersey Department of Community Affairs. An executive director is appointed by the Authority's Board of Commissioners to manage the day-to-day operations of the Authority.

## **B.** Basis of Accounting / Financial Statements Presentation

The Authority's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The programs of the Authority are organized as separate accounting entities. Each program is accounted for by a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position (program equity), revenues, and expenses. The individual programs account for the governmental resources allocated to them for the purpose of carrying on specific programs in accordance with laws, regulations, or other restrictions, including those imposed by HUD. The programs of the Authority are combined and considered an enterprise fund. An enterprise fund is used to account for activities that are operated in a manner similar to those found in the private sector.

The Authority's enterprise fund is accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, and losses from assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

The Authority's financial statements are prepared in accordance with GASB 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, as amended ("GASB 34"). GASB 34 requires the basic financial statements to be prepared using the economic resources measurement focus and the accrual basis of accounting and requires the presentation of a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows. GASB 34 also requires the Authority to include Management's Discussion and Analysis as part of the Required Supplementary Information.

The Authority's primary source of non-exchange revenue relates to grants and subsidies. In accordance with GASB 33, *Accounting and Financial Reporting for Non-exchange Transactions* ("GASB 33"), grant and subsidy revenue are recognized at the time eligible program expenditures occur and/or the Authority has complied with the grant and subsidy requirements.

On January 30, 2008, HUD issued PIH Notice 2008-9 which requires that unused housing assistance payments ("HAP") under proprietary fund reporting should be reported as restricted net position, with the associated cash and investments also being reported as restricted. Any unused administrative fees should be reported as unrestricted net position, with the associated assets being reported on the financial data schedule as unrestricted.

#### **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

#### **B.** Basis of Accounting / Financial Statements Presentation (continued)

Both administrative fee and HAP revenue continue to be recognized under the guidelines set forth in GASB 33. Accordingly, both the time and purpose restrictions as defined by GASB 33 are met when these funds are available and measurable, not when these fu revenue for financial statement reporting.

In accordance with 2 CFR 200.305(b)(9), any investment income earned up to \$500 on these funds are expended. The Section 8 Housing Choice Vouchers program is no longer a cost reimbursement grant; therefore, the Authority recognizes unspent administrative fee and HAP revenue in the reporting period as funds may be retained by the Authority. Amounts in excess of \$500 must be remitted annually to the Department of Health and Human Services, Payment Management System.

# **C. Reporting Entity**

In accordance with GASB 61, *The Financial Reporting Entity Omnibus - An Amendment of GASB Statement No. 14 and No. 34*, the Authority's basic financial statements include those of the Authority and any component units. Component units are legally separate, tax-exempt organizations whose majority of officials are appointed by the primary government or the organization is fiscally dependent on the primary government and there is a potential for those organizations either to provide specific financial benefits to, or impose specific financial burdens on, the primary government. An organization has a financial benefit or burden relationship with the primary government if any one of the following conditions exist:

- 1. The primary government (Authority) is legally entitled to or can otherwise access the organization's resources.
- 2. The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
- 3. The primary government is obligated in some manner for the debt of the organization.

Based on the application of the above criteria, this report includes all programs and activities operated by the Authority. There were no additional entities required to be included in the reporting entity under these criteria in the current fiscal year. Furthermore, the Authority is not included in any other reporting entity on the basis of such criteria.

## **D. Description of Programs**

The Authority maintains its accounting records by program. A summary of the significant programs operated by the Authority is as follows:

#### Public and Indian Housing Program

The Public and Indian Housing Program is designed to provide low-cost housing within the Township. Under this program, HUD provides funding via an annual contributions contract. These funds, combined with the rental income received from tenants, are available solely to meet the operating expenses of the program.

#### Section 8 Housing Choice Vouchers Program

The Authority administers a program of rental assistance payments to private owners on behalf of eligible low-income households under Section 8 of the Housing and Urban Development Act of 1974. The program provides payments covering the difference between the maximum rental on a dwelling unit, as approved by HUD, and the amount of rent contribution by a participating household.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### D. Description of Programs (continued)

#### Public Housing Capital Fund Program

The purpose of the Public Housing Capital Fund Program is to provide another source of funding to cover the cost of physical and management improvements and rehabilitation on existing low-income housing and improving the central office facilities. Funding for this program is provided by grants from HUD.

## CARES Act Funding Programs

During the year ended September 30, 2021, the Authority was awarded CARES Act funding as part of the Public and Indian Housing and Section 8 Housing Choice Vouchers Programs. These funds are to be used to prevent, prepare for, and respond to the Coronavirus ("COVID-19"), as well as help the Authority maintain normal operations during the period impacted by COVID-19.

# E. Use of Management Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the allowance for doubtful accounts, accrued expenses and net pension and OPEB liability, depreciable lives of properties and equipment, deferred inflows of resources, and contingencies. Actual results could differ significantly from these estimates.

## F. Cash and Cash Equivalents

New Jersey Authorities are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States, or the State of New Jersey, or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey Authorities.

The Authority is required to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. N.J.S.A. 17:9-42 requires governmental units to deposit public funds only in public depositories located in New Jersey, when the funds are secured in accordance with the act.

HUD requires housing authorities to invest excess funds in obligations of the United States, Certificates of Deposit, or any other federally insured investment. HUD also requires that deposits be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security for deposits. Obligations furnished as security must be held by the Authority or with an unaffiliated bank or trust company for the account of the Authority.

It is the Authority's policy to maintain collateralization in accordance with state and HUD requirements. For the Statement of Cash Flows, cash and cash equivalents include all cash balances and highly liquid investments with a maturity of three months or less at time of purchase.

## **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

#### G. Accounts Receivable, Net

Rents are due from tenants on the first day of each month. As a result, tenants accounts receivable balances primarily consist of rents past due and vacated tenants. An allowance for doubtful accounts is established to provide for all accounts, which may not be collected in the future for any reason. Collection losses on accounts receivable are charged against the allowance for doubtful accounts. Also included in accounts receivable are those amounts that tenants owe the Authority as payment for committing fraud or misrepresentation.

The Authority recognizes a receivable from HUD and other governmental agencies for amounts earned and billed but not received and for amounts unbilled, but earned as of year end.

## H. Allowance for Doubtful Accounts

The Authority periodically reviews all accounts receivable to determine the amount, if any, that may be uncollectable. If it is determined that an account or accounts may be uncollectable, the Authority prepares an analysis of such accounts and records an appropriate allowance against such amounts.

# I. Prepaid Expenses

Prepaid expenses represent amounts paid as of year-end that will benefit future operations.

## J. Capital Assets, Net

Capital assets are stated at cost. Expenditures for repairs and maintenance are charged directly to expense as they are incurred. Expenditures determined to represent additions or betterments are capitalized. Upon the sale or retirement of capital assets, the cost and related accumulated depreciation are eliminated from the accounts and any related gain or loss is reflected in the Statement of Revenues, Expenses and Changes in Net Position. Depreciation is calculated using the straight-line method based on the estimated useful lives of the following asset groups:

•	Buildings	40 Years
•	Leasehold Improvements	15 Years
•	Furniture and Equipment	3 - 5 Years

The Authority has established a capitalization threshold of \$1,000.

# K. Impairment of Long Lived Assets

The Authority evaluates events or changes in circumstances affecting long-lived assets to determine whether an impairment of its assets has occurred. If the Authority determines that a capital asset is impaired, and that the impairment is significant and other-than-temporary, then an impairment loss will be recorded in the Authority's financial statements. During the year ended September 30, 2021, there were no impairment losses incurred.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### L. Inter-program Receivables and Payables

Inter-program receivables/payables are current, and are the result of the use of the Public and Indian Housing Program as the common paymaster for shared costs of the Authority. Cash settlements are made periodically, and all inter-program balances net to zero. In accordance with GASB 34, inter-program receivables and payables are eliminated for financial statement purposes; however, they are reflected in the accompanying financial data schedule as required by HUD.

## M. Accounts Payable and Accrued Liabilities

The Authority recognizes a liability for goods and services received but not paid for as of yearend. It also recognizes a liability for wages and fringe benefits related to services performed at year-end but not yet paid to employees or taxing authorities.

## N. Unearned Revenue

The Authority recognizes a liability for prepaid rents, which consists of the prepayment of rent by residents applicable to future periods and for grants received in advance, which consists of grants received in advance of meeting their timing requirements.

## **O.** Compensated Absences

Compensated absences represent amounts to which employees are entitled to based on accumulated leave earned in accordance with the Authority's Personnel Policy. Employees may be compensated for accumulated vacation leave in the event of retirement or termination from service at the current salary. Employees may be compensated for sick leave at retirement or termination at one half of the earned, accrued and unused sick leave at the current salary to a maximum of 130 days or 182.5 days depending on length of service.

#### **P.** Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees Retirement System ("PERS") and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## **Q. Other Post Employment Benefits**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to the net OPEB, and OPEB expense, and information about the fiduciary net position of the State Health Benefits Plan ("SHBP") and additions to/deductions from SHBP's fiduciary net position have been determined on the same basis as they are reported by SHBP. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as you-go plan.

## **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

#### **R.** Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until that time.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources until that time.

# **S.** Equity Classifications

Equity is classified as net position and displayed in three components:

<u>Net investment in capital assets</u> — Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

<u>Restricted net position</u> — Consists of resources with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

<u>Unrestricted net position</u> - All other resources that do not meet the definition of "restricted" or "net investment in capital assets."

# T. Operating Revenues and Expenses

The Authority defines its operating revenues as income derived from charges to residents and others for services provided as well as government subsidies and grants used for operating purposes. The Authority receives annual operating subsidies from HUD, subject to limitations prescribed by HUD. Operating subsidies from HUD are recorded in accordance with GASB 33 and are accounted for as revenue. Other contributions from HUD that are for development and modernization of capital assets are reflected separately in the accompanying financial statements as capital grants.

Operating expenses are costs incurred in the operation of its program activities to provide services to residents and others. The Authority classifies all other revenues and expenses as non-operating.

# U. Taxes

The Authority is a unit of local government under the State of New Jersey law and is exempt from real estate, sales and income taxes by both the federal and state governments. However, the Authority will pay a payment in lieu of taxes to cover municipal services provided by the local government for certain properties owned throughout the Township.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### V. Economic Dependency

The Section 8 Housing Choice Vouchers and Public and Indian Housing Programs of the Authority are economically dependent on operating grants and subsidies from HUD. The programs operate at a loss prior to receiving the grants.

# W. Budgets and Budgetary Accounting

The Authority is required by contractual agreements to adopt annual, appropriated operating budgets for all its Enterprise Funds receiving federal awards. All budgets are prepared on a HUD basis, which is materially consistent with GAAP. All appropriations lapse at HUD's program year end or at the end of grant periods. Pursuant to N.J.S.A 40A:5A-10 and N.J.A.C. 5:31 each authority is required to submit a budget for each fiscal year to the Director of the Division of Local Government Services 60 days prior to the beginning of the fiscal year.

# X. Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The Authority is a member of the New Jersey Public Housing Authorities Joint Insurance Fund ("JIF"). The JIF is both an insured and self-administered group of housing authorities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and workmen's compensation. The JIF will be self-sustaining through member premiums. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage except for deductibles for the previous three years.

## NOTE 2. CASH AND CASH EQUIVALENTS AND RESTRICTED CASH

As of September 30, 2021, the Authority had funds on deposit in checking, savings and money market accounts. The carrying amount of the Authority's cash and cash equivalents was \$2,710,210 and the bank balances approximated \$2,875,429.

<u>Cash Category</u>	<u>Amount</u>
Unrestricted Tenant security deposits Restricted	\$ 2,568,512 120,006 21,692
Total cash and cash equivalents	\$ <u>2,710,210</u>

Of the bank balances, \$534,595 was covered by federal depository insurance and the remaining \$2,340,834 was collateralized by GUDPA as of September 30, 2021.

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The Authority does not have a formal policy for custodial credit risk. As of September 30, 2021, the Authority's bank balances were not exposed to custodial credit risk.

# NOTE 3. ACCOUNTS RECEIVABLE, NET

Accounts receivable, net consists of the following as of September 30, 2021:

Description	<u>Amount</u>
Accounts receivable - tenants, net Accounts receivable - miscellaneous	\$ 139,004 78,729
Total accounts receivable, net	\$ 217,733

Accounts Receivable - Tenants, Net

Tenant accounts receivable represents amounts owed to the Authority by tenants for outstanding rent and fraud recovery. The balance is shown net of an allowance for doubtful accounts of \$50,820.

Accounts Receivable - Miscellaneous

Accounts receivable - miscellaneous consists of amounts owed to the Authority by Neptune Redevelopment and Neptune City Housing Authority for management fees and maintenance costs. Management estimates the amounts to be fully collectible and therefore no allowance for doubtful accounts has been established.

# NOTE 4. CAPITAL ASSETS, NET

The following is a summary of changes in capital assets during the year ended September 30, 2021:

Description	September 30, 2020	Additions	Disposals	Transfers	September 30, 2021
<u>Non-depreciable:</u> Land Construction in progress Subtotal	\$ 656,954 <u>1,148,803</u> <u>1,805,757</u>	\$ - <u>586,143</u> <u>586,143</u>	\$ - 	\$	\$ 656,954 672,061 1,329,015
<u>Depreciable:</u> Buildings Furniture and equipment Subtotal	23,546,053 740,391 24,286,444	- 	- 	1,062,885	24,608,938 740,391 25,349,329
Less: accumulated depreciation	20,623,954	660,686			21,284,640
Net capital assets	\$5,468,247	\$ (74,543)	\$ <u> </u>	\$	\$5,393,704

Depreciation expense for the year ended September 30, 2021 amounted to \$660,686.

# NOTE 5. RESTRICTED DEPOSITS

As of September 30, 2021, restricted deposits consisted of the following:

Description	<u>Amount</u>
Housing assistance payment reserves Tenant security deposits	\$ 21,692 120,006
Total restricted deposits	\$ 141,698

Housing assistance payment reserves are restricted for use only in the Section 8 Housing Choice Vouchers Program for future housing assistance payments.

Tenant security deposits represent amounts held by the Authority on behalf of tenants participating in the Public and Indian Housing Program. Upon termination from the program, the tenant is due amounts deposited plus interest earned less any amounts charged for damage to the unit.

# NOTE 6. ACCOUNTS PAYABLE

As of September 30, 2021, accounts payable consisted of the following:

Description		<u>Amount</u>
Accounts payable - vendors Accounts payable - other government	\$	39,961 73,019
Total accounts payable	\$ <u></u>	112,980

Accounts Payable - Vendors

Accounts payable - vendors represents the amounts payable to contractors and vendors for materials received or services rendered.

<u>Accounts Payable - Other Governments</u> Accounts payable - other governments represents amounts due and payable to the Township for payments in lieu of taxes.

# NOTE 7. PAYMENTS IN LIEU OF TAXES

Under Federal, State and Local law, the Authority's programs are exempt from income, property and excise taxes. However, the Authority is required to make a payment in lieu of taxes ("PILOT") for certain Authority owned properties in accordance with the provisions of its Cooperation Agreement with the Township. Under the Cooperation Agreement, the Authority must pay the Township the lesser of 10% of its net shelter rent or the approximate full real property taxes. For the year ended September 30, 2021, the Authority incurred PILOT expense in the amount of \$73,019.

## NOTE 8. NON-CURRENT LIABILITIES

Non-current liabilities activity during the year ended September 30, 2021 consisted of the following:

	September 30, 2020	Additions	Payments/ Retirements	September 30, 2021	Due in One Year
Accrued compensated absences Accrued pension liability Accrued OPEB liability	\$ 328,398 1,875,287 2,422,579	\$ 155,654 <u>-</u> 1,022,094	\$ (137,427)	\$ 346,625 1,875,287 3,444,673	\$ 34,663
Total non-current liabilities	\$ <u>4,626,264</u>	\$ <u>1,177,748</u>	\$ <u>(137,427)</u>	\$ <u>5,666,585</u>	\$ <u>34,663</u>

## NOTE 9. PENSION PLAN

The information required to present the schedule of changes in net pension liability, deferred inflows of resources and deferred outflows of resources for the PERS was not available as of the date of this report and accordingly, the net pension liability, deferred outflows of resources and deferred inflows of resources related to the PERS have not changed from the prior fiscal year. Pension expense is being reported at the amount of annual contributions invoiced by the PERS during the fiscal year.

#### A. Plan Description

The PERS is a cost-sharing multiple employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the "Division"). For additional information about PERS, please refer to the Division's Comprehensive Annual Financial Report, which can be found at https://www.state.nj.us/treasury/pensions/annual-reports.shtml.

#### **B. Benefits**

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service. The following represents the membership tiers for PERS:

- 1. Members who were enrolled prior to July 1, 2007
- 2. Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3. Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4. Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5. Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of  $1/55^{\text{th}}$  of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of  $1/60^{\text{th}}$  of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65.

Early retirement benefits are available to tiers one and two before reaching age 60, tiers 3 and 4 before age 62 with 25 years or more of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month a member retires prior to the age at which a member can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

## NOTE 9. PENSION PLAN (continued)

#### **C.** Contributions

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by all active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2020, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on the actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of the assets.

## D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2021, the Authority reported a liability of \$1,875,287, for its proportionate share of the net pension liability. The net pension liability was measured as of July 1, 2019 and rolled forward to June 30, 2020.

For the year ended September 30, 2021, the Authority recognized pension expense of \$136,118 which represents the actual contributions made by the Authority during the fiscal year. At September 30, 2021, the Authority reported deferred outflows of resources and deferred inflows of resources from the following sources.

	0	Deferred utflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Changes of Assumptions	\$	60,836	\$ 785,200
Changes in Proportion		170,508	280,596
Differences between expected and actual experience		34,146	6,632
Net differences between projected and actual earnings on pension plan investments		64,099	-
Total	\$	329,589	\$ 1,072,428

Deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense over the next several years.

#### NOTE 9. PENSION PLAN (continued)

#### **E. Actuarial Assumptions**

The collective total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following assumptions:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary increases:	
Through 2026	2.00 - 6.00%
	based on years of service
Thereafter	3.00 - 7.00%
	based on years of service
Investment rate of return	7.00%

Pre-mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial adjustments used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

#### F. Long-term Expected Rate of Return

The long-term expected rate of return is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and the Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class, including the PERS's target asset allocation as of June 30, 2020, are summarized in the following table:

Long Torm Exposted

<u>Asset Class</u>	Target Allocation	Rate of Return
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk Mitigation Strategies	3.00%	3.40%

## NOTE 9. PENSION PLAN (continued)

#### **G. Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

## H. Sensitivity of the Authority's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.00 percent) or 1 percentage point higher (8.00 percent) than the current rate.

	1% Decrease	Discount Rate	1% Increase
	<u>(6.00%)</u>	<u>(7.00%)</u>	<u>(8.00%)</u>
Authority's proportionate share of the net pension liability	\$ <u>2,379,236</u>	\$ <u>1,875,287</u>	\$ <u>1,474,931</u>

# NOTE 10. OTHER POST-RETIREMENT BENEFITS PLAN

The information required to present the schedule of changes in net OPEB liability, deferred inflows of resources, deferred outflows of resources and OPEB expense for the SHBP was not available as of the date of this report and accordingly, the net OPEB liability, deferred outflows of resources, deferred inflows of resources and OPEB expense related to the SHBP are being reported from the 2020 audited actuarial report.

## A. Plan Description

The SHBP is a cost-sharing multiple-employer defined benefit OPEB plan administered by the Division. It covers employees of local government employers that have adopted a resolution to participate in the SHBP. For additional information about SHBP, please refer to the Division's annual financial statements, which can be found at

https://www.state.nj.us/treasury/pensions/financial-reports.shtml.

## **B. Benefits**

SHBP provides medical and prescription drug to retirees and their covered dependents of the employers. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who:

## NOTE 10. OTHER POST-RETIREMENT BENEFITS PLAN (continued)

#### **B. Benefits (continued)**

1) retired on a disability pension; or 2) retired with 25 or more years of services credit in a State of locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer at the time of retirement as established by the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

# C. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At September 30, 2021, the Authority reported a liability of \$3,444,673, for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2019 and rolled forward to June 30, 2020.

For the year ended September 30, 2021, the Authority recognized OPEB benefit of \$59,800. At September 30, 2021, the Authority reported deferred outflows of resources and deferred inflows of resources from the following sources.

	Deferred		Deferred	
	-	utflows of	Inflows of	
	<u>R</u>	lesources		<u>Resources</u>
Changes of Assumptions	\$	515,215	\$	766,042
Changes in Proportion		341,214		344,537
Differences between expected and actual experience		90,730		641,462
Net differences between projected and actual investment earnings on OPEB plan investments		2,188		-
Contributions made subsequent to the measurement date		109,388	_	
Total	\$	1,058,735	\$	1,752,041

Deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense over the next several years.

## NOTE 10. OTHER POST-RETIREMENT BENEFITS PLAN (continued)

#### **D.** Actuarial Assumptions

The total OPEB liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following assumptions:

Inflation Rate	2.50%
Salary increases:	
Through 2026	2.00 to 6.00%
	based on years of service
Thereafter	3.00 to 7.00%
	based on years of service

Mortality rates were based on the Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using the MP-2020 scale.

Certain actuarial assumptions used in the July 1, 2019 valuation were based on the results of the PERS experience studies prepared for July 1, 2014 to June 30, 2018. 100% of active members are considered to participate in the Plan upon retirement.

## E. Discount Rate

The discount rate used to measure the total OPEB liability was 2.21% as of June 30, 2020. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

# F. Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the Authority's proportionate share of the net OPEB liability calculated using the discount rate of 2.21%, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.21%) or 1 percentage point higher (3.21%) than the current rate.

	1% Decrease	Discount Rate	1% Increase
	<u>(1.21%)</u>	(2.21%)	<u>(3.21%)</u>
Authority's proportionate share of the net OPEB liability	\$ <u>4,072,331</u>	\$ <u>3,444,673</u>	\$ <u>2,947,824</u>

# G. Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years.

#### NOTE 10. OTHER POST-RETIREMENT BENEFITS PLAN (continued)

#### H. Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Trend Rate

The following presents the Authority's proportionate share of the net OPEB liability calculated using the healthcare trend rate as disclosed above, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a healthcare trend rate that is 1 percentage point lower or 1 percentage point higher than the current rate.

-- 1.1

	<u>1% Decrease</u>	Healthcare Cost <u>Trend Rate</u>	<u>1% Increase</u>
Authority's proportionate share of the net OPEB liability	\$ <u>2,850,470</u>	\$ <u>3,444,673</u>	\$ <u>4,222,789</u>

## NOTE 11. RESTRICTED NET POSITION

As of September 30, 2021, restricted net position consists of housing assistance payment reserves totaling \$21,692. Housing assistance payment reserves are restricted for use only in the Section 8 Housing Choice Vouchers Program for future housing assistance payments.

#### NOTE 12. CONTINGENCIES

The Authority receives financial assistance from HUD in the form of grants and subsidies. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by HUD. As a result of these audits, costs previously reimbursed could be disallowed and require payments to HUD. As of September 30, 2021, the Authority estimates that no material liabilities will result from such audits.

# NOTE 13. VULNERABILITY - IMPACT OF COVID-19

The severity of the impact of COVID-19 on the Authority's operations will depend on a number of factors, including, but not limited to, the duration and severity of the pandemic and the extent and severity of the impact on the Authority's tenants and borrowers, all of which are uncertain and cannot be predicted. The Authority's future results could be adversely impacted by delays in rent and loan payment collections. Management is unable to predict with absolute certainty the impact of COVID-19 on its financial condition, results of operations or cash flows.

## NOTE 14. SUBSEQUENT EVENTS

Events that occur after the financial statement date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the financial statement date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the financial statement date require disclosure in the accompanying notes to the financial statements. Subsequent events have been evaluated through June 29, 2022, which is the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosures in the notes to the financial statements.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners of the Housing Authority of the Township of Neptune:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the Housing Authority of the Township of Neptune (the "Authority"), which comprise the statement of net position as of September 30, 2021, and the related statements of revenues, expenses and changes in net position, and cash flows for the year then ended and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated June 29, 2022.

# **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

1433 Hooper Avenue, Suite 329, Toms River, New Jersey 08753 www.novoco.com 1 732.503.4257

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# CERTIFIED PUBLIC ACCOUNTANTS

#### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND STATE OF NEW JERSEY OMB CIRCULAR 15-08

To the Board of Commissioners of the Housing Authority of the Township of Neptune:

#### **Opinion on Each Major Federal Program**

We have audited the Housing Authority of the Township of Neptune's (the "Authority") compliance with the types of compliance requirements described in the OMB Compliance Supplement and the State of New Jersey OMB Circular 15-08 that could have a direct and material effect on each of the Authority's major federal programs for the year ended September 30, 2021. The Authority's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2021.

#### **Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State of New Jersey OMB Circular 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Authority's federal programs.

1433 Hooper Avenue, Suite 329, Toms River, New Jersey 08753 www.novoco.com | 732.503.4257

# Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the State of New Jersey OMB Circular 15-08, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the State of New Jersey OMB Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion in expressed.

#### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### HOUSING AUTHORITY OF THE TOWNSHIP OF NEPTUNE NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2021

#### NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal grant activity of the Authority under programs of the federal government for the year ended September 30, 2021. The information in the Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey OMB Circular 15-08. Because the Schedule presents only a selected portion of operations of the Authority, it is not intended to and does not present the financial position, changes in net position or cash flows of the Authority. Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of the financial statements.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the principles contained in the Uniform Guidance and the State of New Jersey OMB Circular 15-08, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

#### NOTE 3. INDIRECT COST RATE

The Authority has not elected to use the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### NOTE 4. SCHEDULE OF CAPITAL FUND PROGRAM COSTS AND ADVANCES

The total amounts of Capital Fund Program Costs and Advances incurred and earned by the Authority as of and for the year ended September 30, 2021 are provided herein.

	<u>501-20</u>	<u>501-21</u>	<u>Totals</u>
Budget	<u>\$ 864,475</u>	<u>\$ 786,355</u>	<u>\$ 1,650,830</u>
